

MAX LOAD : 0.5KG / 1.0LBS

COIL HARD HAT TETHER (NON-CONDUCTIVE)

TOOL TETHER

CODE : H01075

ANSI/ISEA 121-2018 COMPLIANT

Reliable and out of the way, the Coil Hard Hat Tether (Non-Conductive) is so low-profile you won't even know you're wearing it.

The coil features industrial-grade PU to deliver strength and work-site ruggedness.

A poly clamp far exceeding its max load rating combines with a tactical, light-weight design, to deliver dependable strength when required, and low-profile compatibility when not.
